9	Lee Titley	Beta	Lady	Rtd											
23	Frank Heller	Mont	Adult	Rtd											
43	Mike Crackles	Triumph	T-Shock	Rtd											

Ties have not been separated and class positions, where there are ties, are in alphabetical order

Changing the planned sections due to the overnight weather forecast proved to be a good move as nothing had to be changed on the morning of the trial. Thanks to all those who attended and thanks to the eight who stood and observed, Keith and Lyndis Quinn, Dave Taylor, John Holdsworth, Barry Hiley, Mike Crackles who picked up a board when he retired a gent whose name I don't know, James Hathaway and Ian Quinn

Congratulations to Graham Atkinson who went clean, just as he did last year at the same trial and also to Aaron Dugdale who, I'm told has just made a comeback after being away from the sport for eight years. Any queries about the results to Mike Rapley on 07788 161929. Now, two dates to remember, the club's AGM will be on Wednesday, January 25 at the Station Hotel, Carnforth at 8pm. All welcome but especially committee members and the club's next trial will be at Low Gill, just a bit further down the road from today on Sunday, February 26 at 10.30am. To everybody who rides with this club please note all details and results will always be on the club website (www.lancscountymcc.co.uk) first and then www.trialscentral.com.

Do not rely on Facebook as it is not always possible to get it updated as quickly as the club website. Our thanks to landowner James Morphett for the use of his land and especially the new piece used today which is a great addition to the venue.

The amount donated to the NW Air Ambulance will be announced once the accounts have been done.
