31	Dave O'Connor	Yam	Vet	Rtd										
32	Joe Batty	James	Clubman	Rtd										
33	Michael Batty	Villiers	Vet	Rtd										
34	Beth Smith	Gas	Ladies	Rtd										
37	Tom Cox	Gas	Youth A	Rtd										
42	John Budden	Mont	Clubman	Rtd										
43	Ann Tittley	Beta	Ladies	Rtd										
44	Ian Holgate	Beta	Vet	Rtd										

As you will all know, the weather was terrible with horrendous rain throughout the trial causing the stream to rise quickly, something we have unfortunately experienced before at this venue back in November 2010 (I think). As a result, these results have been calculated on just three completed laps except for section five where only two laps have been counted. We pulled section five when there were half a dozen bikes being dried out and called it a day when most riders still going had completed three laps. As a result, some scores may be a bit suspect but it's the best I can get out at the moment. As this trial doesn't count towards any club championship I have not separated any ties, however, if you have any queries, give me a ring on 07788 161929 and I'll look into them, but there's not much point as there's nothing to be gained. All the proceeds from this trial will be donated to the North West Air Ambulance which is a charity that benefits the whole community. The actual amount will be revealed on the club website later this week when the accounts have been completed. Many thanks to the landowner John Morphett for his generosity, to Chris Kirkbride, Dave Oswald, Sam Metcalfe and John Kennon for setting out

and to the observers on the day, Barry Hiley, Mike Fallows, Anna and Ollie, Dave Taylor, Dave Berry and Darren Metcalfe. The club's next trial is also at Low Gill, a couple of hundred yards further towards Slaidburn on the Crackles land where we always run in February and the date is a bit earlier this year on February 9 at 10.30am.
